

Aims and Objectives of Shropshire Community Transport Ltd.

1. To reduce isolation by increasing independence through providing low cost, fully accessible, door to door transport.
2. To prevent exclusion and marginalisation of individuals and groups because of lack of suitable transport.
3. To liaise with groups and statutory bodies etc to examine transport issues and influence policies and legislation.
4. To encourage good practice through, for example MiDAS and PATs training and other relevant training.
5. To make best use of current transport resources e.g., other community groups, private operators and public transport.
6. To develop partnerships with public, statutory and private bodies and with other voluntary sector bodies.
7. To identify areas of transport need.
